

GEOINT Professional Certification

The GEOINT Professional Certification (GPC) program is part of a broader Under Secretary of Defense for Intelligence (USD(I)) initiative to further professionalize the Department of Defense Intelligence Enterprise (DIE) workforce. The program applies to all cleared Department of Defense civilian, military, and contractor practitioners in GEOINT-related work roles throughout the National System for Geospatial Intelligence (NSG). GPC may also extend to non-DoD members of the NSG with GEOINT equities.
